**\* Cautionary Statement Concerning Forward-looking Statements**

This report includes forward-looking statements relating to our future plans, forecasts, objectives, expectations and intentions. The forward-looking statements reflect management's current assumptions and expectations of future events, and accordingly, they are inherently susceptible to uncertainties and changes in circumstances and are not guarantees of future performance. Actual results may differ materially, for a wide range of possible reasons, including general industry and market conditions and general international economic conditions. In light of the many risks and uncertainties, you are advised not to put undue reliance on these statements. The management forecasts included in this report are not projections, and do not represent management's current estimates of future performance. Rather, they represent forecasts that management strives to achieve through the successful implementation of the Company's business strategies. The Company may be unsuccessful in implementing its business strategies, and management may fail to achieve its forecasts. The Company is under no obligation -- and expressly disclaims any such obligation -- to update or alter its forward-looking statements.

# Management results

## 1. Operating results

Revenues for the six-month period ended September 30, 2021, amounted to 2,543.1 billion yen, representing an increase of 395.4 billion yen compared to 2,147.7 billion yen in the same period of previous fiscal year.

Gross profit totaled 488.0 billion yen increased by 129.3 billion yen compared to 358.7 billion yen in the same period of previous fiscal year. This is due mainly to increase in earnings accompanied by increase in sales volume in the silver, zinc and lead business in Bolivia. Selling, general and administrative expenses totaled 333.0 billion yen increased by 11.4 billion yen compared to 321.6 billion yen in the same period of previous fiscal year.

Share of profit (loss) of investments accounted for using the equity method totaled profit of 122.7 billion yen increased by 175.5 billion yen compared to loss of 52.8 billion yen in the same period of previous fiscal year. This is primarily owing to increase in earnings accompanied by increase in sales volume due to resume of operation from March this year and one-off profit from restructuring of project finance in the nickel mining and refining business in Madagascar, in addition to the absence of impairment loss in the same period of previous fiscal year in that business.

As a result, profit for the period attributable to owners of the parent totaled profit of 241.0 billion yen, representing an increase of 301.2 billion yen compared to loss of 60.2 billion yen in the same period of previous fiscal year.

### ***<Profit / loss for the period attributable to owners of the parent by segment>***

Metal Products Business Unit posted profit of 22.9 billion yen, an increase of 36.9 billion yen compared to loss of 14.1 billion yen in the same period of previous fiscal year. This is due mainly to increase in earnings for the overseas steel service centers and the tubular products business in the North America, in addition to the absence of impairment loss in the tubular products business in the same period of previous fiscal year.

Transportation & Construction Systems Business Unit posted profit of 33.4 billion yen, an increase of 53.1 billion yen compared to loss of 19.8 billion yen in the same period of previous fiscal year. This is due mainly to increase in earnings for the leasing business and the automotive related business, in addition to the absence of one-off loss in the automotive financing business in Indonesia in the same period of previous fiscal year.

Infrastructure Business Unit posted profit of 18.3 billion yen, an increase of 25.3 billion yen compared to loss of 7.0 billion yen in the same period of previous fiscal year. This is due mainly to stable performance of the overseas IPP/IWPP business, in addition to the absence of one-off loss including impairment loss posting for IPP business in Australia in the same period of previous fiscal year.

Media & Digital Business Unit posted profit of 19.2 billion yen, a decrease of 0.4 billion yen compared to profit of 19.6 billion yen in the same period of previous fiscal year. Major domestic group companies have been continuously showing stable performance.

Living Related & Real Estate Business Unit posted profit of 26.9 billion yen, an increase of 14.1 billion yen compared to profit of 12.9 billion yen in the same period of previous fiscal year. This is primarily owing to large scale properties delivered in the real estate business, in addition to increase in earnings for the fresh produce business in Europe and the Americas due to market recovery in the U.S.

Mineral Resources, Energy, Chemical & Electronics Business Unit posted profit of 104.1 billion yen, an increase of 160.0 billion yen compared to loss of 56.0 billion yen in the same period of previous fiscal year. This is primarily owing to increase in earnings accompanied by increase in sales volume due to resume of operation from March this year and one-off profit from restructuring of project finance in the nickel mining and refining business in Madagascar, in addition to the absence of impairment loss in the same period of previous fiscal year in that business. Furthermore, the increase is also due to high mineral resources prices and increase in earnings for the chemical trade and the agricultural input business due to solid performance.

## **2. Financial position**

### ***<Total assets, liabilities, and equity as of September 30, 2021>***

Total assets stood at 8,633.4 billion yen, representing an increase of 553.4 billion yen compared to 8,080.0 billion yen at the previous fiscal year-end, due mainly to increase of working capital and investments accounted for using the equity method.

Equity attributable to owners of the parent totaled 2,758.1 billion yen, representing an increase of 230.2 billion yen compared to 2,528.0 billion yen at the previous fiscal year-end, due mainly to the quarterly profit attributable to owners of the parent posted in the current period, while dividend payment was executed.

Interest-bearing liabilities (net) (\*1) totaled 2,326.5 billion yen increased by 26.1 billion yen compared to 2,300.4 billion yen at the previous fiscal year-end.

In consequence, the net debt-equity ratio (Interest-bearing liabilities (net)/ Equity attributable to owners of the parent) was 0.8.

### <Cash flows>

Net cash provided by operating activities totaled 90.2 billion yen as basic profit cash flow (\*2) totaled to an inflow of 188.2 billion yen because our core businesses performed well in generating cash, while working capital increased.

Net cash used in investing activities totaled 15.8 billion yen. In the six-month period ended September 30, 2021, we executed investments mainly for participation in the telecommunication business in Ethiopia and the progress in construction of the domestic biomass power plant. On the other hand, we recovered funds due to asset replacement, including sales of the domestic real estate and textiles related business.

As a result, free cash flows, representing sum of net cash provided by operating activities and net cash used in investing activities, totaled to an inflow of 74.4 billion yen.

Net cash used in financing activities totaled 6.1 billion yen due mainly to repayments of lease liabilities and dividend payment, while execution of borrowings.

In consequence of the foregoing, cash and cash equivalents stood at 671.1 billion yen as of September 30, 2021, representing an increase of 72.0 billion yen compared to 599.0 billion yen at the previous fiscal year-end.

(\*1) Interest-bearing liabilities = Sum of bonds and borrowings (current and non-current) (excluding lease liabilities)

(\*2) Basic cash flow = (Gross profit + Selling, general and administrative expenses (excluding provision for doubtful receivables) + Interest expense, net of interest income + Dividends) × (1-Tax rate) + Dividend from investments accounted for using the equity method

Tax rate is 25% for the six-month period ended September 30, 2021 and 31% for the same period of previous fiscal year

### 3. Forecasts for fiscal year ending March 31, 2022(\*3)

As COVID-19 vaccinations become more widespread and infections are brought under control, the global economy is expected to continue on a recovery trend supported by financial and monetary measures. However, there have been disparities in recovery among countries, regions, and industries. Among developed countries, although we could face supply chain disruption, positive trend toward economy recovery is expected to continue. As for emerging countries, for the most part of them, economic recovery trend is expected to continue, while there has been a slight tendency of slowing recovery in China. And we expect we would see sluggish for the time being in countries where the vaccinations have not been widely spread without sufficient aids from governments. Risks include surge in price of commodities, limitation of economic activities due to the resurgence of COVID-19, the increase in debt and geopolitical risks.

Under these circumstances, we have revised our consolidated financial forecasts for FY2021 as follows:

(billions of yen)	Previous forecasts (Aug. 2021) (A)	Revised forecasts (Nov. 2021) (B)	Increase/ Decrease (B-A)	Increase/ Decrease (%)
Profit for the year attributable to owners of the parent	290.0	380.0	90.0	31.0%

Reference (billions of yen)	Previous forecasts (Aug. 2021) (A)	Revised forecasts (Nov. 2021) (B)	Increase/ Decrease (B-A)
Excl. one-off profits/losses	290.0	360.0	70.0
One-off profits/losses	—	20.0	20.0

Results for the first half of the fiscal year showed strong progress against the annual forecasts of 290.0 billion yen which we announced at the previous earnings announcements (August 4, 2021), due to higher mineral resources prices than expected in mineral resources business as well as stable performance in steel sheets business and construction systems related business in non-mineral resources business.

Taking these circumstances into consideration, we have revised the annual forecasts of profit for the year attributable to owners of the parent to 380.0 billion yen, 90.0 billion yen increased from the previous forecasts of 290.0 billion yen.

(\*3)**Cautionary Statement Concerning Forward-Looking Statements**

This report includes forward-looking statements relating to our future plans, forecasts, objectives, expectations and intentions. The forward-looking statements reflect management's current assumptions and expectations of future events, and accordingly, they are inherently susceptible to uncertainties and changes in circumstances and are not guarantees of future performance. Actual results may differ materially, for a wide range of possible reasons, including general industry and market conditions and general international economic conditions. In light of the many risks and uncertainties, you are advised not to put undue reliance on these statements. The management forecasts included in this report are not projections, and do not represent management's current estimates of future performance. Rather, they represent forecasts that management strives to achieve through the successful implementation of the Company's business strategies. The Company may be unsuccessful in implementing its business strategies, and management may fail to achieve its forecasts. The Company is under no obligation -- and expressly disclaims any such obligation -- to update or alter its forward-looking statements.

#### **4. Dividend Policy**

Sumitomo Corporation aims to increase dividends by achieving medium and long-term earnings growth while adhering to its fundamental policy of paying shareholders a stable dividend over the long term.

Under "SHIFT 2023", our medium-term management plan for FY2021 - FY2023, we decide the annual dividend based on our fundamental policy of paying long-term stable dividends and taking into consideration the status of fundamental earnings capacity, cash flows, and other factors, with a consolidated payout ratio of about 30% as a guideline, maintaining at least 70 yen per share, the same amount as the annual dividend for FY2020.

Due to the fact that our annual forecasts of the profit for the year attributable to owners of the parent is revised to 380.0 billion yen, the annual dividend for fiscal year ending March 31, 2022 is revised to 90 yen per share for FY2021 (latest plan was 70 yen per share). The interim dividend is 45 yen per share, half of the amount of planned annual dividend (the interim dividend in the previous year was 35 yen per share).

**Assumptions for Going Concern**

: None

## **Changes in accounting estimate**

The significant change in accounting estimate in the Condensed Consolidated Financial Statements is as follow.

Sumitomo, through Summit Ambatovy Mineral Resources Investment B.V., its wholly-owned subsidiary, has invested in Ambatovy Minerals S.A., a mining company, and Dynatec Madagascar S.A., a refining company, (hereinafter “Project Companies”) at 54.17% share ratio respectively.

Project Companies agreed on the revision regarding repayment conditions of the loan agreement with lenders.

In the 1st quarter of this fiscal year, Project Companies recognized a gain on financial liabilities, as a result of the reassessment of the fair value related to financial liabilities due to the revision of repayment conditions. Since the increase in the carrying amount of the investment for Project Companies resulting from the recognition of the gain is not expected to contribute to future cash-in-flows from Project Companies, Sumitomo recognized a loss equivalent to the amount of the gain corresponding to the equity interest as a decreasing the carrying amount of the investment for Project Companies in terms of the recoverability. Consequently, Sumitomo does not expect any impact to the Condensed Consolidated Financial Statements due to the reassessment of financial liabilities in Project Companies.

In addition, Project Companies recognized a gain related to the debt restructuring. Consequently, Sumitomo recognized a gain of 14,409 million yen as “Share of profit (loss) of investments accounted for using the equity method” in the Condensed Consolidated Statements of Comprehensive Income.

## Changes in Presentation

(Condensed Consolidated Statements of Comprehensive Income)

Foreign currency basis spread on the cross currency interest rate swaps held as cash flow hedges are excluded from designation as hedging instruments and are recognized as hedging costs.

“Hedging cost”, which was previously included in “Cash-flow-hedges” is separately presented from the three-month period ended June 2021 because of the increased materiality. Condensed Consolidated Statements of Comprehensive Income for the six-month period ended September 2020 is reclassified to conform to this change in presentation.

As a result, the amount of 6,663 millions of yen for the six-month period ended September 2020, which was presented in “Cash-flow-hedges” in Condensed Consolidated Statements of Comprehensive Income for the six-month period September 2020 has been reclassified and presented as 4,754 millions of yen for “Cash-flow-hedges” and as 1,909 millions of yen for “Hedging cost.”

(Condensed Consolidated Statements of Cash Flows)

“Repayment of lease liability”, which was previously included in “Repayment of long-term debt” is separately presented from the three-month period ended June 2021 in order to ensure a clear presentation.

Condensed Consolidated Statements of Cash Flows for the six-month period September 2020 is reclassified to conform to this change in presentation.

As a result, the amount of (208,746) millions of yen for the six-month period September 2020, which was presented in “Repayment of long-term debt” within “Cash flows from financing activities” in the Condensed Consolidated Statements of Cash Flows for the six-month period September 2020 has been reclassified and presented as (179,196) millions of yen for “Repayment of long-term debt” and as (29,550) millions of yen for “Repayment of lease liability.”
