# ESG Communication Book

## Editorial Policy

### Concept behind Sustainability Information Disclosure

Sumitomo Corporation publishes an integrated report as a communication tool to disclose information to investors and other stakeholders. In the Integrated Report, financial information is combined with non-financial information and initiatives to increase the corporate value over the long term are reported. We publish ESG (Environment, Social, Governance) Communication Book to report detailed information on sustainability, mainly non-financial information, from the ESG perspective.

### Reporting Scope

Sumitomo Corporation and group companies

### Reporting Period

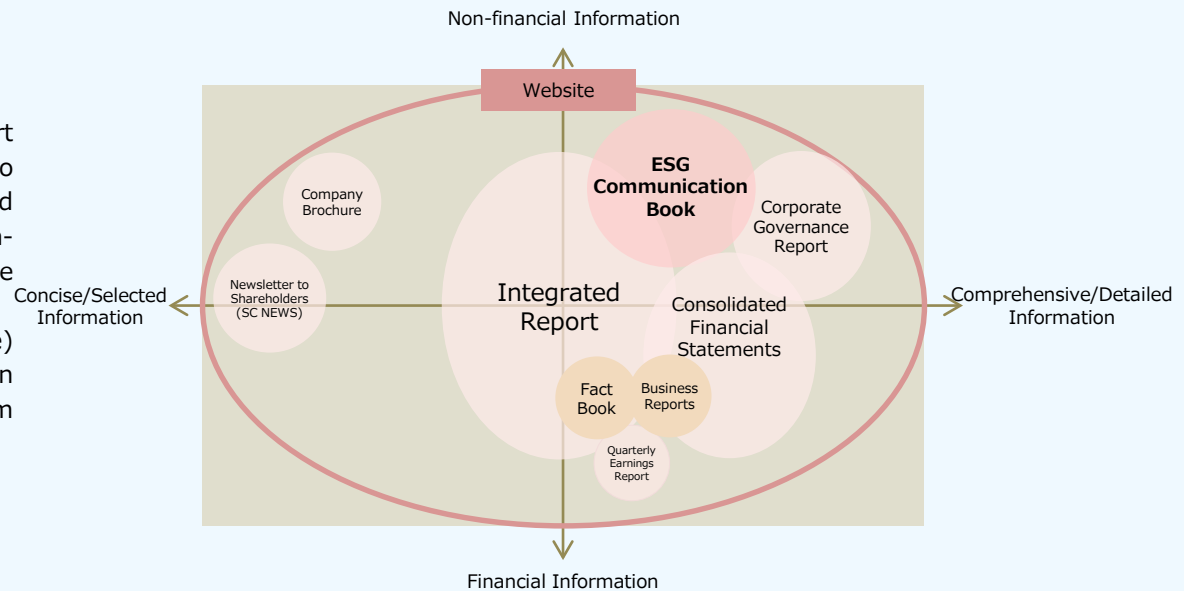

Business activities mainly in FY2019 (April 2019-March 2020), including some policies and activities before March 2019 and after April 2020.

### Month of Issue

August 4, 2020

Last Revision Date: August 7, 2020

P81 The amounts of "FY2019 Social Contribution Activity Costs" pie chart are revised

### Referenced Guidelines

- Ministry of Economy, Trade and Industry: Guidance for Collaborative Value Creation
- ISO26000 : Guidance on social responsibility
- Ministry of the Environment: Environmental Accounting Guidelines. 2005
- METI / MOE: Calculation and Reporting Manual for Greenhouse Gas Emissions
